

Your End-to-End Correction and Recall Solution

Streamline Your FDA Recalls with Confidence

When a corrective action is necessary or an FDA recall requires field or administrative support, you need a reliable service team to manage the process efficiently—without disrupting your workforce. EMSAR provides turnkey, full-service recall support, handling every step from customer outreach to final documentation. No need to hire, train, or downsize staff—we supplement your FDA recall needs seamlessly.

Streamline Your FDA Recalls with Confidence

Fixed Pricing Model – Transparent costs with no surprises. Labor and administrative work included.

Flexible Workforce Support – Scale without impacting your internal teams.

Experience and Expert Execution – Over 600,000 recalls completed in the last five years.

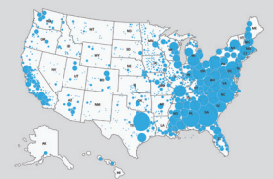

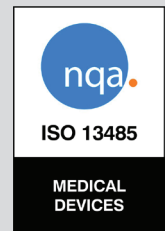

Nationwide Coverage – Ensuring consistent quality and delivery across the U.S.

Real-Time Visibility – Our customer portal provides updates on scheduling and progress.

Comprehensive Turnkey Support
